**Internet Permission**

As part of our Information Communication Technology (ICT) curriculum we are pleased to offer pupils access to the Internet. Access to the Internet will enable pupils to explore thousands of libraries, databases and information sources and to guard against access to inappropriate material we use a filter service. However, is it not impossible that pupils may access inappropriate material.

We believe that the benefits to pupils from access to the Internet, in the form of information resources and opportunities for collaboration, outweigh the disadvantages. During lesson time the teachers will guide pupils towards specific materials. Internet use by the children is not allowed outside lesson time unless under adult supervision at all times.

I have read and understand the school rules for Internet use and give permission for my child to access the Internet. I understand the school will take all reasonable precautions to ensure pupils cannot access inappropriate materials.

I give my permission for my child to access the Internet at school

I do not give my permission for my child to access the Internet at school
