

Sponsored Bouncy Castle Challenge

Thursday 24th October 2019

Dear Parents,

On Thursday 24th October the Friends of the School have arranged for a sponsored bounce to take place during the school day. Each class will have an exercise session in the hall on a fantastic bouncy castle. Their teacher will support them to complete the challenge of either thirty plus bounces (Foundation Phase) or fifty plus bounces (Juniors) in three minutes.

All funds raised will support the school to further widen and update the range of digital and reading resources within each classroom. During a challenging financial time for all schools this event will support Cleddau Reach to ensure that the best possible learning resources are available for staff and learners. The 'BOUNCE' session should also be a fun activity for each class!

Therefore, we would encourage all families to support their children in gaining sponsorship from their relatives and family friends. Please can the sponsorship form and the funds raised be sent into school by Thursday 24th October.

All children taking part will receive a special certificate to commemorate their achievement and both the school and the 'Friends Association' will provide an update on how the funds raised have been used within each classroom.
